The chairman of the Casey democratic county committee, Hon. J. Boyle Stone, has called a mass convention at Liberty June 7th, at 2 p. m., for the purpose of nominating candidates for the various county offices. Every democrat should make it a point to be present.

AFTER disposing of 703 lots for a grand total of \$1,019,099, the Middlesboro Town Co., declared the sales closed at noon Thursday, fearing the excitement might carry the purchases beyond all reason. The last lot sold for \$410 per front foot, which is the highest price yet paid here.

NINETEEN YEARS.—Pat Sullivan, the Lexington tough, who killed Frank Armstrong, was sentenced to 19 years in the penitentiary.

THE roof of Anderson Carr's hotel caught fire yesterday, but before the cry of fire had brought out more than half the town it was extinguished, with little damage done.

THE "Capt. Bogardus Shooting Club" defeated the "Dr. Carvers" Friday afternoon by two scores. The best shooting was done by Mr. S. P. Stagg, who broke 16 out of 20 clay pigeons.

THE surprise party gang visited Miss Kate Hall at her country home Friday evening and spent several hours very pleasantly with that young lady. Miss Kate has a large strawberry patch at her command and that delightful fruit was greatly enjoyed.

THE six or eight couples who spent decoration day on the banks of the placid Hanging Fork enjoyed regular fishermen's luck and about the only sport they had was the pulling out of their buckets the pitiful little minnows they had carried along for bait.

THE Danville Advocate has a cut in its last issue of the proposed gymnasium building at Centre College, photographed and engraved by Edward H. Fox, the well-known artist. It is a splendid piece of work, which would do credit to any engraver in the country.

UNDER the new rule adopted by the State convention the democratic county committee will hereafter be elected by the democrats of their respective precincts on a day to be fixed by the State Central Committee and when elected they are to choose one of their number chairman.

THE census enumerators are not responsible for the impertinent questions they have to ask, so treat them civilly and do not blame them for obeying instructions. If you do not care to answer certain interrogatories, simply say so without getting mad with the propounder, and we will pay the cost of any prosecution that may ever be instituted. In the land of the free and the home of the brave no person will ever be legally punished for minding his own business.

JUDGE J. A. LYLE, who is now taking the census in one of the Stanford districts, is an old hand at the bellows. In 1890 he took the entire county in about two months, while this time it takes half a dozen or more to do the work. In those days, though, there were not 30 questions to be propounded and persons were not asked if they had any chronic diseases or were deformed in any way. The enumerators are allowed a month to complete their work this year and their compensation will be 2 cents for each living inhabitant, 2 cents for each death reported, 15 cents for each farm, 20 cents for each establishment of productive industry, and 5 cents for each surviving soldier, sailor or marine.

MIDDLESBORO seems to be as ill-fated as she is phenomenal. Another fire, the severest of the series, raged there Saturday and before it could be subdued four blocks of houses were burned in the centre of business, 20 and 22 South and 20 and 21 North Cumberland avenue. It broke out in a house in which much hay was stored and it is thought was carelessly set by some children playing near it, though it is asserted by others that it was the work of an incendiary. The latter belief is strengthened by the fact that the steam engine had been tampered with and rendered temporarily useless. The First National Bank building, the finest one in the city, was saved by blowing up the adjacent building with powder. Mr. J. W. Hayden, who was there, tells us that a conservative estimate of the loss places it at \$125,000 to \$150,000, with insurance of about \$75,000. Among the heaviest losses are Colson's bank building \$11,000; the Vail building, \$12,000; Campbell's building and dry goods store, \$5,000; Slasher's dry goods store, \$8,000; Conway, Kelley & Co., \$6,000; the Central Hotel and many others. It is stated that more than 1,000 people were rendered homeless and in response to the request of the city officials Gov. Buckner expressed two car-loads of tents thither Sunday. The owners of property will rebuild at once and the Middlesboro Town Company will loan to those who haven't the means themselves, the money at a small rate of interest. The fire may prove a blessing in disguise at last, as many of the houses were not such as one would expect on lots that sell at \$400 a front foot.

THE L. & N. now sells round-trip tickets Sundays at 4 cents per mile.

It has been very hot for several days and yesterday the mercury reached 90° in the shade.

THERE was not a sign of a mail messenger on the train yesterday and consequently no mail. We suppose the young man sat up too late with his girl, but he ought to be fired all the same.

SOME half a dozen people came to town yesterday under the impression that it was county court day, but as they could not read they are excusable for not knowing the time had been changed to the 24 Monday.

BETH FUSON, who with his sons killed John Lawson in Whitley, got a change of venue to Laurel, and was tried last week. Col. W. O. Bradley prosecuted him and he got 21 years. His sons are still at large and are likely to be since this verdict.

GOOD NEWS.—Mr. H. E. Huntington, president of the Kentucky Central, was expected to arrive last night to ride over the Cumberland River railroad survey with a view to building the road. Mr. D. W. Vandever and perhaps others will accompany him.

THE delegates to the convention from here have returned with no bad tastes in their mouths, although beaten in their choice. They fought a grand fight, of which they are not ashamed, and surrendered only when no hope was left. They will now see to it that Longmoor gets the full vote of this county.

THE directors of the Hustonville Fair Company met Saturday and decided to hold the dates they had fixed upon, July 23-25. They say, very truly, that they had named their dates first and that Garrard should change if any changes are made. We regret that there should be a conflict of dates and hope that Garrard will show a week earlier.

A VERY large crowd gathered to hear the commencement sermon at the Christian church, Sunday, and the ladies clad in summer array and wearing their new hats and bonnets, presented a picture of loveliness that was hard to beat. The College pupils marched down in a body at 10:45 and were greeted on entering the church with some excellent music by the very fine choir. The sermon by Rev. John Bell Gibson was one of his best efforts and was warmly complimented.

THE municipal election at Rowland Saturday proved a very tame affair. W. C. Barnett for police judge took the lead in the start and maintained it all day, receiving 34 votes to Rev. M. N. Early's 21. The trustees elected, we learn from Mr. T. D. Martin, are W. P. Raines, who received 35 votes, Elisha Pence 30, I. S. (Boss) Hamilton, Jr., 35, A. Underwood 36, T. L. Shelton 32. The others who received votes for trustee were Granville Haley 26, Col. W. H. Dudderar 20 and George D. Pope 25.

THERE was quite a shooting match between railroad men on the Cumberland Valley branch Saturday. It appears that an ill feeling had existed for some time between Engineer T. D. Meals, who pulls a freight on the branch, and John Cummings, a section boss, which culminated Friday, when Meals ran into a push car of Cummings. No damage was done, but the men quarreled fiercely over it, Meals claiming that the danger signal was not placed at a sufficient distance from the obstruction. The lie passed and Cummings swore to be avenged. That night, so a trainman tells us, the engine was fired into as it passed Cummings' place, and next morning the engineer, Fireman Harry L. Geer and others of the crew, armed themselves with Winchester, shot guns and pistols to protect themselves against the threats that had been made. When they reached the place, Cummings, we are told, opened fire on the engineer from behind a tree, and it was returned with interest. Several of the trainmen shot at him and when he was at last compelled to throw down his gun it was found that he had been pierced by six balls, two in the body, one in the face, another in the thigh and two in the leg. They are all painful wounds, but not necessarily fatal. The train men were arrested and held for trial in \$200 each to await the result of the man's injuries.

CHURCH AFFAIRS.

—At Lexington lightning struck a Catholic church; fire followed and the edifice was damaged to the extent of \$5,000.

—The Bowling Green Democrat says that Rev. Geo. O. Barnes preached there all last week. Misses Marie and Georgie were with him.

—The recent General Conference increased the pay of bishops to \$3,600 and provided a pension of \$1,000 to the widows of bishops.

—The recent decision of the Supreme Court will confiscate \$1,000,000 worth of Mormon property in Utah, which will go into the common school fund.

—Rev. W. Y. Sheppard, of the Episcopal church, will preach at the College Chapel to-night at 8 o'clock instead of at the court-house as stated in our last. Everybody is cordially invited.

—The new Methodist church at Moreland will be dedicated next Sunday and great preparations are being made by the members for the important event. Rev. H. C. Morrison will deliver the sermon.

—Harrison county is pretty well supplied with churches. It has 36 in all, of which the Southern Methodists have 12; Northern Methodists 2; Christian 10; Missionary Baptists 7; Ironside Baptists 1; Presbyterians 3; Episcopal 1.

—Sam Small, the noted southern evangelist, has been elected president of the Methodist University at Ogden, Utah. He will remove his family and make Ogden his future home. This necessitates the severing of his connection with the Southern Methodist conference and affiliating with the Northern Methodists.
